

Hefty Goat Holler Farm Breeding Schedule and Kid Availability 2023

Kinder Pairings	Date	Availability	Notes
Hefty Goat Holler Farm Meadowlark X Derek's Kinders JB Bandito	Due 3/3	4th generation Doeling reservations available \$350	Meadowlark is a first freshener. She's my largest and most correct youngsters. I paired her with the growthiest junior buckling with some serious production behind him to hopefully achieve the "whole package."
Hefty Goat Holler Farm Magpie X Derek's Kinders JB Bandito	Due 2/19	4th generation Doeling reservations available \$350	Magpie is a first freshener. She's close to her twin, Meadowlark, in size. Maturing very nicely! These should be some growthy, productive kids.
Hefty Goat Holler Farm Nightingale X Derek's Kinders JB Bandito	Due 2/23	4th generation Doeling reservations available \$350	Nightingale is a first freshener. She's the longest, tallest of my young Kinders but I still think she's lovely. Hopefully, Bandito will add some bulk while keeping that length!
